

Man, Man, Mr. Sandman

Wynn Stewart

Man man Mr Sandman for you don't do me no good
You won't come around and put me to sleep like you know you schouldWell my baby just stopped and left me
she said I didn't treat her right
And I've been lonely every day and haven't slept a single nightMan man Mr Sandman...
[guitar - steel]
Well I bet I've walked a hundred miles and never ever left this room
A ten by twelve circle this is all that I've got
You think she's coming back mighty soonMan man Mr Sandman...
Like you know you schould Sandman
