

# Take My Breath Away

[Elliott Yamin](#)

Girl, when you do what you do to me  
Everything is the way it should be  
You make me feel like I'm living a dream  
Tell me it's real  
'Cause I'm telling you  
You take my breath away  
I swear to you  
You take my breath away  
Girl, I've been waiting for you all my life  
I see my soul when I look in your eyes  
You've taken me completely by surprise  
Tell me it's real  
'Cause I'm telling you  
You take my breath away  
I swear to you  
You take my breath away, yes, you do  
I'm speaking truth  
You take my breath away  
I swear to you  
You take my breath away, yes, you do  
You don't have to promise me forever

All I'm asking you is for tonight  
You need to take some time and see where this is going  
Girl, it feels so right when we hold each other tight  
Oh yeah  
Tell me it's real  
'Cause I'm telling you  
You take my breath away  
I swear to you  
You take my breath away  
Honest you do  
You take my breath away  
I'm speaking truth  
You take my breath away  
I ain't lying to you  
You take my breath away  
I'm speaking truth  
You take my breath away

I swear to you  
You take my breath away  
Honestly you do
