

L.A.LOVE (la la)

Fergie

La la la la la
La la la la la
La la la la la
La la la la la

Mustard on the beat, hoe!

Uh, tell â€™em where Iâ€™m from
Finger on the pump make the sixth straight jump from SoCal
Hollywood to the slums
Chronic smoking, get burnt by the California sun
On the west side, east coast where ya at?
Just got to New York like a gnat on a jet
To London, to Brazil, to Quebec
Like the whole damn world took effect to Ferg

Tell â€™em
Laid back slow down
Better represent when we come to your town
Laid back slow down
Whatchu represent when we come to your town
Say

Get in with the business
Imma be there in a minute
I just booked a Paris ticket
Thinking Russia need a visit
Imma run it to the limit
And be on my way to Venice

From the plaques to the uh uh
Everything fat
Got Mustard on a track
My girls all stack
When I roll down the window, let me know where youâ€™re at
Atlanta, North South kick it â€™lac
Texas grill, Cadillacs through Miami then back
To London, Jamaica then France
The whole damn world took effect to Ferg
