

# Zero Sum (Stephen Morris & Gillian Gilbert remix)

## Nine Inch Nails

They're starting to open up the sky  
They're starting to reach down through  
And it feels like we're living in that split-second  
    Of a car crash  
    And time is slowing down  
And if we only had a little more time  
    And this time  
    Is all there is  
Do you remember the time we  
    And all the times we  
    And should have  
    And were going to  
        I know  
    And I know you remember  
    How we could justify it all  
        And we knew better  
    In our hearts we knew better  
And we told ourselves it didn't matter  
    And we chose to continue  
    And none of that matters any more  
        In the hour of our twilight  
    And soon it will be all said and done  
And we will all be back together as one  
    If we will continue at all  
    Shame on us, doomed from the start  
May god have mercy on our dirty little hearts  
    Shame on us, for all we've done  
And all we ever were, just zeros and ones  
    And you never get away  
    And you never get to take the easy way  
    And all of this is a consequence  
    Brought on by our own hand  
If you believe in that sort of thing  
    And did you ever really find  
    When you closed your eyes  
        Any place that was still  
        And at peace  
And I guess I just wanted to tell you  
    As the light starts to fade  
    That you are the reason

That I am not afraid  
And I guess I just wanted to mention  
As the heavens will fall  
We will be together soon if we  
Will be anything at all  
Shame on us, doomed from the start  
May God have mercy on our dirty little hearts  
Shame on us, for all we've done  
And all we ever were, just zeros and ones  
Shame on us (shame on us), doomed from the start  
May God have mercy on our dirty little hearts  
Shame on us (shame on us), for all we've done  
And all we ever were, (just) just zeros and ones
