Verse 1

While girl been pimping hyping up  
You got bills in stock keep lining up  
No more free loading time is up  
Let you breath that paper don't settle us  
Getting twenties if the eighteens ain't fat enough  
Nice little cutie just backs it up  
Tell a gal to keep her eyes off you stuff  
Rude girl a you posses the Midas touch  
From head to toe Buju say them fabulous  
And love it when the woman them gorgeous  
No other thing on this earth I would rather trust  
Tell all the woman then it is a must  
Verse 2

Now who you gonna play  
Low down dirty shame  
Play unfair  
Losing a tricky game  
Just look at your hair  
While checking out your nails  
Tens less I am stress less loving you everyway  
Benjy in the air so let it blaze  
Costume ain't anything so baby lets the blazer stay  
A magnetic force pulling me to the stare

Irresistible there is no escape
