

# Just Friends?

## Kill Paradise

Hey there's this pretty pretty girl I know  
The girl they sing about on radio  
She's got style she's got grace  
I'm all over the place  
I gotta tell her now  
You know your boyfriend you cant do without  
And if i ever see him Im gonna pop him in the mouth, \*POW\*  
You know he lies, all he does it make you cry  
Hanging with a different girl almost ever other night

Woahhhh she's on the phone  
And he's been screamin' at her all night long  
It's time to hang it up and end it right  
Come on its Friday night  
You know you're better off on your own

She's screamin' WOAHH  
She's dreamin' WOAHH  
Dreamin' of her weekend  
WOAHH, just sleeping, WOAHH

Hey there's this pretty pretty girl I know  
He broke her heart and now shes letting go  
What you two had was never love you know  
So let me show you what it feels like  
I'll never make you cry, always kiss you goodnight  
Sunrise and summertime, finally have some fun tonight  
I'm gonna make you forget, all the bad things he did  
Baby baby we can do it right

Woahh she's on the phone  
And he's been screamin' at her all night long  
It's time to hang it up and end it right  
Come on its Friday night  
You know you're better off on your own

She's screamin' WOAHH  
She's dreamin' WOAHH  
Dreamin' of her weekend

WOAHH, just sleeping, WOAHH

He left her all alone  
And he don't miss it either  
She told me on the phone  
The stuff that doesn't sink, she brings up  
He left her all alone  
Never thought that he would get caught  
Never thought that he could get caught  
Now it's time for all this to stop

Woahh we're at the show  
And we've been hangin' out all night long  
She ended it, she did it right  
Come on it's Friday night, everybody's singin' along

(X4)  
She's screamin' WOAHH  
She's dreamin' WOAHH  
Dreamin' of her weekend  
WOAHH, she's with me and, WOAHH'
