

Chinese Fork Tie

Jawbox

Said you were
10 feet tall, yeah and bulletproof
10 feet tall, yeah and bulletproof
You can live that way
But it's hard to move
It's a little maze, little trueAt the bottom
Oh, they all want proof
And at the top
No one's making room
So brace yourself and then accelerate
Sure you'll get there soonYou can live
(I watch you work)
Live like this
This is it
(I watch you work)
DeviantYou can live
(And I watch you work)
Live with this
You can live
This is itHey, yeah, take the big man down
Hey, yeah, four times, chump crownHey, yeah, take the big man down
Hey, yeah, four times, chump crownI am wide eyed
Waiting on the truth
But I'm thinking of ways to silence youClose-at-hand
(You can live)
Commonplace and cruel
(Live like this)
Rude joke
(This is it)
Jury-rigged, tool
(This is it)Hey, yeah, take the big man down
Hey, yeah, four times, chump crownHey, yeah, take the big man down
Hey, yeah, four times, chump crownHey, yeah, take the big man down
Hey, yeah, four times, chump crownHey, yeah, take the big man down
Hey, four times, chump crown
