

Just a Thought

Gnarls Barkley

All I want is your understanding
As in the small at of affection
'Why is this my life?'
Is almost everybody's question And I've tried, everything but suicide
But it's crossed my mind I preferred peace
Wouldn't have to have one worldly possession
But essentially I'm an animal
So just what do I do, with all the aggression? Well, I've tried, everything but suicide
But it's crossed my mind Life is a one way street, ain't it?
If you could paint it, I'd chalk myself going in the right direction
So I go all the way, like I really really know
But the truth is, I'm only guessing And I've tried, everything but suicide
Ohh, but it's crossed my mind, just a thought It's even dark in the daytime
It's not just good, it's great depression
When I was lost I even found myself
Looking in the gun's direction And so I've tried, everything but suicide
But yes, it's crossed my mind, but I'm fine
