Changes Made

John Cale

When the winter days are gone
Never find any summer breezes
Until you've gone through springAnother way out of here
Another way out of here
Another way
Another way out of hereCause I'm a lofty man
I'm a hungry man
Gonna be, gonna be, gonna be, gonna be
Some changes made round hereAnother way
Another way out of here
Cause I'm a man who lives
Lives inside meThe children's caravan
Moving slowly hand in hand
Knowing all it takes
Is a kind word, is a kind word
Is a kind word, ahhGonna be, gonna be, gonna be, gonna
Gonna be some changes
There gonna be some changes
There gonna be some changes
There gonna be some changes
Gonna be a changeThere gonna be some changes
There gonna be some changes
There gonna be some changesThere gonna be some changes made
There gonna be some changes made
There gonna be some changes made
