

# Changes Made

[John Cale](#)

When the winter days are gone  
Never find any summer breezes  
Until you've gone through spring  
Another way out of here  
Another way out of here  
Another way  
Another way out of here  
Cause I'm a lofty man  
I'm a hungry man  
Gonna be, gonna be, gonna be, gonna be  
Some changes made round here  
Another way  
Another way out of here  
Cause I'm a man who lives  
Lives inside me  
The children's caravan  
Moving slowly hand in hand  
Knowing all it takes  
Is a kind word, is a kind word  
Is a kind word, ah  
Gonna be, gonna be, gonna be, gonna  
Gonna be some changes  
There gonna be some changes  
There gonna be some changes  
There gonna be some changes  
Gonna be a change  
There gonna be some changes  
There gonna be some changes  
There gonna be some changes  
There gonna be some changes made  
There gonna be some changes made  
There gonna be some changes made
