

Forget

Xiu Xiu

Hack off for you
You felt for you
What name for thee
Other than thee?
Reduced to bone
Reduced to dust
Cross out the dawn
Could not enough
Un-beautiful, pale of the sun
Undignified, but it goes onForget!
Oh forget who you are
Don't admit who you are
Oh forget who you are
Don't admit who you are
Oh to take and to touch
And for once feel good
Oh to take and to touch
And for once feel goodWas it wrong?
But said and done
With great relief
Rip out the dawn
To drink the drink
Hung from a chord
Un-beautiful
Hung from a chordForget!
You are to be named The Cigar
You are to be called Candy Barr
You are to be named Hanky John
Undignified, as it goes on
