

# Let Us Love (Live From Washington DC - 04/21/12)

## NEEDTOBREATHE

We were born to embrace, not accept it  
We were given nothing more, and so we kept it  
As the colors of our boots keep fading  
We live a life that we hate without saying Who would listen to the cries of a poor man  
We've never done nothing  
How could we be something  
Every heart has an hour of existence  
Every breath brings a chance for redemption  
If somehow we could wake up Let us love  
Like we were children  
Make us feel  
Like we're still living  
In a world I know that's burning to the ground  
Give us time  
To beat the system  
Make us find  
What we've been missing  
In a world I know that's burning to the ground In the crowd of the dead and disappointed  
We're ashamed, giving up on what we wanted  
Take a chance on a long shot this time  
Aren't we all just at least worth another try I'm a king in the land of abuses  
Undermined by the promise of excuses  
Who's to win if we know that it's not fair  
Who would fight when it seems that no one cares  
If somehow we could wake up Let us love  
Like we were children  
Make us feel  
Like we're still living  
In a world I know that's burning to the ground  
Give us time  
To beat the system  
Make us find  
What we've been missing  
In a world I know that's burning to the ground It's hard to stay here but where do we go  
I know we can't feel it anymore  
It's true that time is wearing us down  
We fall further and further away  
Waiting for always to change Let us love  
Like we were children

Make us feel  
Like we're still living  
In a world I know that's burning to the ground  
Leave your hurting on the road behind you  
Let the wind go with you 'til the morning comes  
Yeah, your sorrow, no it can't save you  
It won't answer for what you've done
