1000 Eyes' Show

Secret Sphere

Annie wakes up one morning ,
Golden downfall of hair on her chest,
Sparkle her pupils,
Diamonds of cheat and malice,
Every night thousand eyes are slaves
I know you like it,
Your puppets crawl around the luxury,
I know you like itBeauty and power are eyes of the same face,
Entrapped in the mirror,
You've chosen to play with fire
And your heart turned into iceI remember your words,
With class and grace you raped my senses,
All I got is yours, all you wish is meLove again, I will help your heart in cage,
Time has come for you to love me,
I know you can
Love again, don't you know your heart's in cage,
You don't think the words you're saying,
I must set you free
From this thousand eyes show,You betrayed, your lips, your body,
I see my hands are chained
And you got the keys, babe
My love 'till death, my cage, I'm blind,
Mistress of desireBetween fire and ice I live now,
In this sleepless night my sweat,
As holy water, sanctify the sacrificeYou come into my nightmares
Imploring me to set you free,
I swear I' ll be your Saviour,
Into these arms you'll sleep
