

Sauce

Justin Timberlake

[Skit: Gino Russ]

Juice, juice is temporary, you know. Anyone can obtain the juice or something. I mean, you could say that just 'cause you got a nice car or something, like, "Oh, man, he got the juice," you know, it's something that kind of comes and goes. But the sauce, the sauce is forever[Intro]

Ooh, sauce

Uh, you got all of it

Yeah

You know, you got all of it

You got all of it

Go 'head[Chorus]

Ooh, I love your pink, you like my purple

You must be God herself, can I come worship?

Let's make some new details, just for your journal

'Cause you keep lookin' at me with those eyes like you know somethin' I don't

So, go ahead, say I won't

Ain't nothin' to it but to do it, throw away that phone

'Cause I know you miss your snap on a lover, and I can name three or four

But you keep lookin' at me with those eyes like you know somethin' I don't

[Refrain]

Hold up

Ooh, ooh, somethin' comes over me

It's always loose screws when you get close to me

It's like too much to describe, yeah, it's enough for two lives

And I could never spend all of it but at least I'm gon' try[Chorus]

Ooh, I love your pink, you like my purple

That color right between those, that's where I worship

Let's make some new details up in your journal

'Cause you keep lookin' at me with those eyes like you know somethin' I don't

So, go ahead, say I won't

Ain't nothin' to it but to do it, throw away that phone

'Cause I know you miss your snap on a lover, and I can name three or four

But you keep lookin' at me with those eyes like you know somethin' I don't

[Refrain]

Hold up

Ooh, ooh, somethin' comes over me

It's always loose screws when you get close to me

It's like too much to describe, yeah, it's enough for two lives

And I could never spend all of it but at least I'm gon' try[Bridge]

Four times, huh

Yeah, break it down, woo!
Uh huh
So, so, so, go ahead, say I won't[Chorus]
Ain't nothin' to it but to do it, throw away that phone
'Cause I know you miss your snap on a lover, and I can name three or four
But you keep lookin' at me with those eyes like you know somethin' I don't[Refrain]
Hold up
Ooh, ooh, somethin' comes over me
It's always loose screws when you get close to me
It's like too much to describe, yeah, it's enough for two lives
And I could never spend all of it but at least I'm gon' try
Ooh, ooh, somethin' comes over me (over me)
It's always loose screws when you get close to me (yeah)
It's like too much to describe, yeah, it's enough for two lives
And I could never spend all of it but at least I'm gon' try[Outro]
Uh, ooh, sauce
You got all of it, go 'head
Ooh, sauce
Go 'head, you got all of it, huh
Ooh, sauce
Uh, yeah, you got all of it, go 'head
Ooh, sauce
Go 'head, you got all of it, uh
