

Follow You, Follow Me

Genesis

Stay with me,
My love I hope you'll always be
Right here by my side if ever I needed you
Oh my loveIn your arms,
I feel so safe and so secure
Everyday is such a perfect day to spend
Alone with youI will follow you will you follow me
All the days and nights that we know will be
I will stay with you will you stay with me
Just one single tear in each passing yearWith the dark,
I see so very clearly now
All my fears are drifting by me so slowly now
Fading awayI can say
The night is long but you are there
Close at hand I'm better for the smile you give
And while I liveI will follow you will you follow me
All the days and nights that we know will be
I will stay with you will you stay with me
Just one single tear in each passing year there will beI will follow you, I will follow you
