

Try To Change

Mother Mother

Try to change
I try to change
I make a list of all the ways to change my ways
But I stay the same
I stay the same
Oh oh oh
I will try and try to change but I just stay the same Stay the same
I stay the same
In a decadent age I try to change all my decadent ways
But I just can't help but stay the same
In a decadent age
Oh oh oh
I will try and try to change but I just stay the same
The same, the same, the same Carry a cane, I carry a cane
Cuz I tried to change and I tried to hard
So I hurt my leg and well over all
I just stayed the same
Now I carry a cane
Oh oh oh
I will try and try to change but the list I made of change to make
It blew away
Flew away
Blew away
Flew away... Try to change
Try to change
I try change
Try to change Everybody be trying to change
Trying to change
I try to change
I try It's safe to say some don't change
