

Love on the Radio

The Walls Group

VERSE 1

We don't have to take our clothes off
For that number one spot and lose my spot with you.

Yeah!

I've been about that life
Now I want to hear something new
Tell me what you're drinking, whatever you're drinking
Soon you'll thirst again
Let me tell you about my friend, he is pleasure to the end.

Hey! Hey!

If life was a song and you feel out of ear
Then play this one for me. Oooo![Hook:]

If I talk about Jesus,
Can I get some love on the radio
I know it's not easy, but Mr.DJ please I gotta let the world know!

I just wanna help
Help you love again
Wanna make you smile
Change the way you live
And talk about Jesus
So can I get some love on the radio.Let's Go! 1..2..3..VERSE 2

Say his name

Say his name

Not just when you're troubled
Or feel like no one loves you
But every single day
What else can I say
To help you realize
The pain will soon pass away

He's able!

And like an old school song, it's gonna be a brighter day, yeah!

DJ let that record play

And help me say..[Hook:]

Can I get some love on the radio
I know it's not easy, but Mr.DJ please I gotta let the world know!

I just wanna help

Help you love again
Wanna make you smile
Change the way you live

And talk about Jesus
So can I get some love on the radio.
I just wanna help
Help you love again
Wanna make you smile
Change the way you live
And talk about Jesus
So can I get some love on the radio.Lets's Go! 1..2..3Say he's able (he's able)'
