Bewitched

Dorothy Squires

you're attractive, little witch
you're beautiful (beautiful)
your wickedness, little witch
you broke my heart (i broke your heart)intruding words, little witch
you cast a spell (i cast my spell)
masked destroyed, little witch
your beautiful, apocalypseyou got me bewitched
cause' i'm under you're spell (oh-ohh-oh)
you must be a witch
cause' i'm living in hell (ohh-oh-ohh)now is the time, now is the hour,
i am the magic, i am the power,
all i need is one star in the sky
wish for you every nighti tricked you to fall in love, little boy
i played with you till' i was done, like a toy
youre in love, as i destroy the end of you (the end of me)
so easily fooled, little boy to think it's trueyou got me bewitched
cause' i'm under you're spell (oh-ohh-oh)
you must be a witch
cause' i'm living in hell (ohh-oh-ohh)now is the time, now is the hour,
i am the magic, i am the power,
all i need is one star in the sky
wish for you every nightnow is the time, now is the hour
to take back my heart,
to take back my power
this is the moment
to break your spell
i see right through you,
now burn in hell (you're gone) (x2)now is the time, now is the hour
to take back my heart,
to take back my power
this is the moment
to break your spell
i see right through you,
(burn in hell witch)you got me bewitched
cause' i'm under you're spell (oh-ohh-oh)
you must be a witch
cause' i'm living in hell (ohh-oh-ohh)now is the time, now is the hour,
i am the magic, i am the power,
all i need is one star in the sky

wish for you every night
