

Cavalry Call

Beekeeper

so expected
im in mourning
will i forget
can i ask will you come home
if im home
im home can i fight enemies ive never seen
can i miss someone that ive never met
its maybe a dream but its all that i have
so can i ask? will you come home
if im home
im home i try to be a grownup
i try to play the part
but every blonde girl in a short skirt breaks my heart
ive been waiting for twenty-six years
when will you come home to me? a private without a captain
a captain without a major
a major without a brigadier
a brigadier without a general this is war
a lonely war i try to be a grownup
i try to play the part
but every single person that up and walks by just breaks my heart
ive been waiting for twenty-six years
when will you come home to me?
