

Dreamer

Chris Brown

What do I do
Stop, go, fail, succeed
Live or die?
I just got to believe
Believe, it's worth saving
And to get lost, lost in a day dream
So why hesitate, take me to another place
So far far away, so I can get out of the dark
High speed like I'm racing
Just like lightning sky is blazing
But you've lost your way, you've been lead astray
Are there better days for my fallen dreamer
Calling a dreamer
(A dreamer, a, a, a, a dreamer)
(A dreamer, a, a, a, a dreamer)
Calling a dreamer
(A dreamer, a, a, a, a dreamer)
(A dreamer, a, a, a, a dreamer)
You don't believe no more
(You don't even sleep no more)
Dream no more
(You don't even dream no more)
Dreamer
(Dreamer)
Why don't you just dream again?
Believe in you
You got something to prove
You're a star, watch you shine bright
On your way to the limelight, finish line
The sweat and tears
You can channel all of your fears
Open your eyes, your eyes
Indeed it will be alright

Calling a dreamer
(A dreamer, a, a, a, a dreamer)
(A dreamer, a, a, a, a dreamer)
Calling a dreamer
(A dreamer, a, a, a, a dreamer)

(A dreamer, a, a, a, a dreamer)
You don't believe no more
(You don't even sleep no more)
Dream no more
(You don't even dream no more)
Dreamer
(Dreamer)

Why don't you just dream again?

A dreamer, a, a, a, a dreamer
A dreamer, a, a, a, a dreamer
A dreamer, a, a, a, a dreamer
A dreamer, a, a, a, a dreamer
A dreamer, a, a, a, a dreamer
A dreamer, a, a, a, a dreamer
A dreamer, a, a, a, a dreamer

Calling a dreamer

(A dreamer, a, a, a, a dreamer)

(A dreamer, a, a, a, a dreamer)

Calling a dreamer

(A dreamer, a, a, a, a dreamer)

(A dreamer, a, a, a, a dreamer)

You don't believe no more
(You don't even sleep no more)
Dream no more
(You don't even dream no more)
Dreamer
(Dreamer)

Why don't you just dream again?
