Love In Chains

Paul Stanley

I see you walkin' down the street
You're turnin' into paradise
The boys are crawlin' at your feet
Burn them and turn them to iceNo one gets a piece of your heart
It's over 'cause you won't let it start
You keep your love in chains, love in chains
And only fear remains and keeps your love in chains
But isn't it time enough, isn't it time enough, oh yeahThey know you feel just like a queen
Baby, are you havin' life
But all the things they'd never seen
Stab at your heart like a knifeNo one knows the way that you love
It's over when it's never begun
You keep your love in chains, love in chains
And only fear remains and keeps your love in chains
But isn't it time enough, oh, isn't it time enough, oh yeahBut isn't it time enough, oh isn't it time enough
You keep your love in chains, love in chains
And only fear remains and keeps your love in chains
But isn't it time enough, oh isn't it time enoughLove in chains, love in chains
Love in chains, love in chains
Love in chains, love in chains
Love in chains, love in chains
