

# No Problems

[NOFX](#)

Sitting by yourself again so friends are near you got a needle in  
One hand and in the other one a beer you can't cope with life  
You can't even get up who's gonna help you? You've got to  
Pick yourself up but I've got no problems I've got no problems  
Your minds so fuckin' clouded you can't see through the haze
