Phantogram

[Verse 1]Air. Never ever seemed so far away.
And the eye of a hurricane, eyed. And I tried.
Death. Never have I seemed so touchable.
I'm a dart caught in your cables eye. And I tried.[Chorus 1](I won't leave, I won't leave, I won't leave, I won't)
Keep yourself alive
(I won't leave, I won't leave, I won't leave, I won't)
Keep yourself alive
(I won't leave, I won't leave, I won't leave, I won't)
Keep yourself alive.
(I won't leave, I won't leave, I won't leave, I won't)
For a minute...
(I won't leave, I won't leave, I won't leave, I won't)[Verse 2]So brave, will you wanna hurt your face tonight.
In a hall walking to the bright light, dissect belt.
Chafe me, cause you know it's not the end of us.
I'll be gone until you get it right.
Impossible, impossible, impossible.[Chorus 1][Instrumental Bridge] + [Chorus 1][Chorus 2](I won't give, I won't give, I won't give, I won't.)
Keep yourself alive
(I won't give, I won't give, I won't give, I won't.)
Keep yourself alive
(I won't give, I won't give, I won't give, I won't.)
Keep yourself alive.
(I won't give, I won't give, I won't give, I won't.)
For a minute...[Chorus 1]
