

# Crazy Eyes

## Poco

I got a feeling about you love, whos been fooling who  
Crazy eyes, I been a foolin you  
You sing songs about brass buttons and your shiny silver shoes  
Crazy eyes what had you to loseDown among the South Carolina pines you spent  
Most of your lifetime in deep thought  
Then changes come about and you find the time you spent  
Wasn't quite a reason for being boughtSo now to be or not to be is the question now  
Crazy eyes, dont you forget how  
'Cause Im used to seeing your face in the crowd  
You thought you saw me  
Crazy eyes blind as you can beDown among the South Carolina pines you spent  
Most of your lifetime in deep thought  
Then changes come about and you find the time you spent  
Wasn't quite a reason for being boughtCrazy eyesSo now to be or not to be is the question now  
Hey, dont you forget how  
'Cause Im used to seeing your face in the crowd  
And you thought you saw me  
Crazy eyes, you're blind as you can beDown among the South Carolina pines you spent  
Most of your life
