# Valerian

## Catatonia

Never meant you no harm
Never meant you no harm, yea yea
Never spun you no yarns
Never spun you no yarn, yea yeaAnd she'll go yea, where he goes, yea
We all go where nobody knows our nameIf I step out of line
I'll step out of line, yea yea
Over land, over sea
One step two to one is free, yea yeaAnd she'll go yea, where he goes yea
We all go where nobody knows our nameAnd don't cry if crying means you're sorry
Whatever the case, I always felt out of place
As a matter of fact, I always felt like that around you
I'm disinclined to toe the line
Under your thumb where I've become unwantedSo pick your way down to the sea
Pick your way to the sea, yea yea
It's not the tide you gotta watch, it's me
Not the tide you got, it's me, yea yeaAnd she'll go yea, where he'll yea
We all go where nobody knows our name
And she'll go yea, where he'll go yea
We all go where nobody knows our name
Where nobody knows our name
Where nobody knows our name(She'll go yea)
Where nobody knows our name
(She'll go yea)
Where nobody knows our name
(She'll go yea)
(She'll go yea)
Where he'll go yea
(She'll go)
(She'll go yea)
(She'll go)
(She'll go yea)
Where he'll go yea
Where nobody knows our name
Nobody knows
