

# Out Of You

## Entwine

Beautiful morning's breaking  
Leaving us all behind  
All of the gloomy faces  
And all the truth we hide Nail me up, crucify  
I'm on my way to the freeway  
Nail me up, testify  
But none of your lies will hurt me no more Strain the truth, print your lies  
Let me fall into the other side  
So bail me... bail me out... of you! Now that our life is wasted  
There's no use to look behind  
Only the burned down places  
Reminds us of what we used to have Nail me up, crucify  
I'm on my way to the freeway  
Nail me up, testify  
But none of your lies will hurt me no more Strain the truth, print your lies  
Let me fall into the other side  
So bail me... bail me out  
Fading out of your soul  
I won't be there for you anymore  
So bail me... bail me out Nail me up, crucify  
I'm on my way to the freeway  
Nail me up, testify  
Your lies will hurt me no more  
Now that our life is wasted  
There's no use to look behind Strain the truth, print your lies  
Let me fall into the other side  
So bail me... bail me out  
Fading out of your soul  
I won't be there for you anymore  
So bail me... bail me out... of you!
