

# Tame

## Pixies

Got hips like Cinderella  
Must be having a good shame  
Talking sweet about nothing  
Cookie I think you're Tame, tame, tame, tame I'm making good friends with you  
When you're shaking your good frame  
Fall on your face in those bad shoes  
Lying there like you're Tame, tame, tame, tame  
Tame, tame, tame, tame
