

Countdown (Sick for the Big Sun)

Phoenix

Countdown unless you're juvenile, let's go
God bless you're missed somewhere
We're sick for the big sun
It doesn't matter what you did
And if you did like you've been told True...and everlasting, that's what you want
True...
True...and everlasting, that's what you want
Don't say no, you're breakfast eaten alone
Sister let go, you're borderline withdrawn
Down and lit from the bottom
There's a misfit Better than looks
Better than looks
Better than looks
Better than looks
We're sick sick sick sick sick sick sick sick sick sick
We're sick for the big sun
Alone though and drip drip drip drip drip drip drip
I realize that too Your lonesome will
Is this knowledge?
As forgiven as you know somewhere
Your face will remain on
It doesn't matter what you did
And if you didn't ride, let's go
Could...an everlasting, that's what you want
Cool, cool...and everlasting that's what you want
Don't say no, you're breakfast eaten alone
Do you remember when twenty-one years was old?
Down and lit
It doesn't matter that you killed us Better than looks
Better than looks
Better than looks
Better than looks
We're sick sick sick sick sick sick sick sick sick sick
We're sick for the big sun
Alone and drip drip drip drip drip drip drip
I realize that too True, true and everlasting
Didn't last that long
We're the lonesome
We're the lonesome

Yeah
True and everlasting
Didn't last that long True, true and everlasting
Didn't last that long
We're lonesome
We're the lonesome
Yeah
True and everlasting
Didn't last that long
We're the lonesome
We're the lonesome
