The Incident

Cliff Eidelman

Lovely summer day, humbled you come round this way
And I know what the people say, I don't mind
I know it's straight insane, Superman and Louis Lane
Parker and Cole Train on a twelve bar ride
Still you offer me this day and tearfully I hesitate
Knowing I can't repay with a thousand lives
But humbly I take your name, knowing everything is changed
Trying hard to explain, no words I find
Still I wanna say I love ya
I wanna tell ya, I'll tell ya but I can't explain it, oh
I can't explain it 'cause I don't even know why
I wanna say I need you
I guess you notice, I guess you know everything about
Lonely for the incident at the well
Well, its been a few years now
And still sometimes when I'm in a crowd
I hear some folk whisperin' loud as they pass me by
?Remember that girl Michelle, you know that girl from the well"
As I picked up my pail, I can't help by smile
'Cause they don't know the half of it, hey
They don't know how deep it is, hey
They don't know what you did how you
Took my broken heart and put it back together again
I wanna say I love ya
I wanna tell ya, I'll tell ya but I can't explain it, oh

I can't explain it cause I don't even know why
Don't even know why, I want to say I needed you
I guess you notice I guess you know everything about, oh
Lonely for the incident at the well
Wanna say I love ya
I wanna tell ya, I'll tell ya but I can't explain it
I can't explain it 'cause I don't even know why
I wanna say how much I needed you
I guess you notice I guess you know everything about
Lonely for the incident at the well
Wanna say I love you, wanna say I needed you
I really wanna be with you
And if they only knew I give all praise to you

For the things you brought me through
And just before my simple song is through, please let me say
I wanna say I love ya
I wanna tell ya, I'll tell ya but I can't explain it
I can't explain it 'cause I don't even know why
I guess you notice I guess you know everything about
Lonely for the incident at the well
I wanna tell ya, I'll tell ya but I can't explain it
I can't explain it 'cause I don't even know why
I guess you notice, I guess you know everything about
Lonely for the incident at the well
