

Two Doors Down

Dolly Parton

Two doors down they're laughing and drinking and having a party
And two doors down they're not aware that I'm around
Here I am crying my heart out, feeling sorry
But they're having a party just two doors down I think I'll dry these useless tears and get myself together
I think I'll wander down the hall and have a look around
'Cause I can't stay inside this lonely room and cry forever
I think I'd really rather join 'em two doors down Two doors down we're laughing and drinking and having a
party
And two doors down they're all aware that I'm around
Here I am no longer crying and feeling sorry
We're having a party just two doors down I can't believe I'm standing here dry-eyed, all smiles & talkin'
Making conversation with the new love I've found
I ask him if he'd like to be alone and we start walkin'
Down the hall to my place waiting two doors down, yeah Two doors down they're laughing and drinking and
having a party
And two doors down we're not aware that they're around
'Cause here I am feeling everything but sorry
We're having our own party two doors down Oh oh oh oh two doors down
Oh oh oh oh two doors down
Oh oh oh oh two doors down Two doors down they're laughing and drinking and having a party
And two doors down we're not aware that they're around
'Cause here I am feeling everything but sorry
We're having our own party two doors down Two doors down they're laughing and drinking and having a party
And two doors down we're not aware that they're around
Here I end feeling everything but sorry
