

Gimme Danger (feat. David Bowie) [Live]

Iggy Pop

Gimme danger, little stranger
And I feel you at ease
Gimme danger, little stranger
And I feel your disease
There's nothing in my dreams
Just some ugly memories
Kiss me like the ocean breeze, hey
Now, if you will be my lover
I will shiver and sing
But if you can be be my master
I will do anything
There's nothing left alive
But a pair of glassy eyes
Raise my feelings one more time
Said, find a little stranger
Find a little stranger
Say you're gonna feel my hand
I say, gotta gimme danger, wild little stranger
Swear, you gonna feel my hand
Swear, you gonna feel my hand
Swear, you gonna feel my hand
