Virgo's Tale

Zug Izland

Walk but don't run, run but don't fly
Sigh but don't talk, talk but don't cry
Cry but don't feel, feel but don't give in
Give in but don't die, mother fu..
Now we just got one life, let it rain but don't cry
Everything is alright, it's just a way of saying goodbye
Move but don't dance, dance but don't sing
Sing but don't cry, break down and let it bleed
Joke but don't hurt, hurt but don't bleed
Bleed but don't lie, just let it go to sleep
Now we just got one life, let it rain but don't cry
Everything is alright, it's just a way of saying goodbye

Hate but don't love, love but don't hate
Smash but don't break, fear but not shake
Fame but not greed, shame to succeed
Yell but don't scream, till we break it
Do we just have one life? Let it rain but don't cry
Everything is alright, it's just a way of saying goodbye
Now we just got one life, Let it rain but don't cry
Everything is alright, it's just a way of saying goodbye
Now we just got one life, Let it rain but don't cry
Everything is alright, it's just a way of saying goodbye
