

Would You Ever

Skrillex & Poo Bear

Would you ever run away with me?
Would you ever take a chance with me?
Would you ever take a leap with me?
Would you ever change the frequency? Would you ever?
Would you ever?
Would you ever?
Would you ever? Would you ever run away with me?
Would you ever take a chance with me?
Would you ever take a leap with me?
Would you ever change the frequency? Would you ever hope for a never ending?
Would you ever hope for a new beginning?
Would you ever promise not to break?
Would you ever give chance opportunity?
Would you ever?
Would you ever?
Would you ever?
Would you ever?
Would you ever?
Would you ever?
Would you ever?
Would you ever?
