

The Fall Song

Bridgit Mendler

Set your clocks back
Looking at the map
Wondering where you'll be at
Cause its so bad when you're not around
Your never aroundIt used to be you and me
Holding hands
Smoldering
Kicking up leaves
Talking about getting older
But now.
You're not around..There'll never be a right or reason
For when it rolls around to the season
When all the leaves start the turning
And you start to burn
Again in my brainI'm... falling for you.
I'm falling
I... cant forget you
Now it's cold and
All of the leaves on all of the trees
Are falling with me down to the ground and
I'm... falling for youYou're like a good book snuggled up on the sofa
When its raining outside
But I'm warm cause I feel you around
But you're so out of townI kinda wanna call
But I bet that you're busy
With that fancy new job
And the fall wont affect you like how..
It makes me feel nowOctober's so overwhelming
And all of my friends, they tell me
November it should get better
But I still see you all over the placeI'm... falling for you.
I'm falling
I... cant forget you
Now it's cold and
All of the leaves on all of the trees
Are falling with me down to the ground andI'm... falling...
I'm... falling...Oh you are
Like sunshine
With the chance of rain

I love the cool
Crisp air and
I don't care
If you're near
Cause I feel you like you're here.
You're everywhere.I'm... falling for you.
I'm falling
I... cant forget you
Now it's cold and
All of the leaves on all of the trees
Are falling with me down to the ground andI'm... falling...
I'm... falling...I'm... falling for... you.
