Sidewinder

Avenged Sevenfold

I slide through the wasteland, that's my world

My hunger takes your life, preyed on to keep me alive, yeah

Mercy's all that you need, mercy's empty in meCan't you feel the poison rising

Out of the morning and clear through the night

You can feel my strength destroy you

Straight to the heart from the venomous biteThat's right, I shed my skin tonight but my fangs are hard to hide

And you know that you're going to die, yeah

Mercy's all that you need, mercy's empty to meCan't you feel the poison rising

Out of the morning and clear through the night

You can feel my strength destroy you

Straight to the heart from the venomous biteI can't regret, can't escape

Decisions made for me, no control

Fire that burns but never dies, yeah

Wrapped around, I'll bury my fangs insideMaking my way through the night, you're still in my sight

You're runnin' away 'cuz ya know you can't hide

My instincts are cold blooded hate, to you I'm the bearer of fate

Wrong place and now the wrong time, now terror is all that you'll findCan't you feel the poison rising

Straight to the heart of the venomous bite

Cant you feel the poison rising

Out of the morning and clear through the night

You can feel my strength destroy you

Straight to the heart from the venomous biteI can't regret, can't escape

Decisions made for me, no control

Fire that burns but never dies, yeah

Wrapped around, I'll bury my fangs insideStay inside tonight

You're out there all alone

Vanish from my sites

Venomous controlYou won't make it right

My appetite has grown

Lost your final fight

No love will be shownStay inside tonight

You're out there all alone

Vanish from my sites

Venomous controlYou won't make it right

My appetite has grown

Lost your final fight

No love will be shown
