## Kottonmouth Kings

Bad habits  
Bad habits  
Bad HabitsBad habits, Bad habits  
Picked a few up nine years in this game  
Bad habits, Bad habits  
Life style's fast driving me insane  
Bad habits, bad habits  
Daily doses you just got to maintain  
Bad habits, bad habits  
Drinking beer, smoking weed, and a pack a dayA pack a day (Cigarettes) seven grams of weed (chronic) A beer  
when i'm ready (Bud light)  
Yall know me, (Who?) yeah I got some habits, I picked up a few, it's the d-lo-c so what chu gonna do?The  
demons inside me, are clinging so tightly, the voices in my head say "You don't wanna come down" m'kay.A  
pack a day to get me by, an ounce of weed to keep me high  
Alochol still numbs the pain, some things in life just never change  
I don't know but i've been told, you live this way you won't grow old  
Our addiction hits so quick, these bad habits are hard to quitBad habits, Bad habits  
Everybody has them, who you got to blame?  
Bad habits, Bad habits  
Flush it all away, go an' spit it down the drain  
Bad habits, Bad habits  
Chemical dependencies have a hold of your brain  
Bad habits, Bad habits  
When my time comes, I'll go out with a bangI got problems that I don't tell many, talk about bad habits shit, I  
got plenty  
Nicotine, weed, beer, shooting pool and playing cards, mushrooms, pills, strange looking fast carsYeah, Jonny  
Richter, pass the mic, Idiot though, need to pass the pipe  
I'm trying to hit that shit, but you're not paying attention, I wanna pack a rip, don't trip just keep sittingA pack a  
day to get me by, an ounce of weed to keep me high  
Alochol still numbs the pain, some things in life just never change  
I don't know but i've been told, you live this way you won't grow old  
Our addiction hits so quick, these bad habits are hard to quitBad habits, Bad habits  
Picked a few up nine years in this game  
Bad habits, Bad habits  
Life style's fast driving me insane  
Bad habits, bad habits  
Daily doses you just got to maintain  
Bad habits, bad habits  
Drinking beer, smoking weed, and a pack a dayThis wishing addition is kinda strange to me, gotta quit gotta

kick for my family  
'cause if I crash fast everybody's outie, And that's way too heavy pressing on meIt's the d double dash, I bash  
like an army, and when it's time to mash, I crash really strongly  
I always pop a pill with the three roll bent I accomplish my task, you can't hold me (me)A pack a day to get me  
by, an ounce of weed to keep me high  
Alochol still numbs the pain, some things in life just never change  
I don't know but I've been told, you live this way you won't grow old  
Our addiction hits so quick, these bad habits are hard to quitYour eyes they just won't open, you don't know  
what you been smoking  
Got your whole family hoping "Oh I wish that he'd just slow down" (slow down)  
The game is tough and silent where these groups are just smokin', soldier.  
You're smoking and then toking and you're dead in the ground (Na Mean?)A pack a day to get me by, an ounce  
of weed to keep me high  
Alochol still numbs the pain, some things in life just never change  
I don't know but i've been told, you live this way you won't grow old  
Our addiction hits so quick, these bad habits are hard to quitBad habits, bad habits
