

# Hallelujah

## Panic! At the Disco

Ohh!

A moment you'll never remember  
And a night you'll never forget!

Ohh! All you sinners stand up, sing hallelujah (hallelujah!)

    Show praise with your body

    Stand up, sing hallelujah (hallelujah!)

    And if you can't stop shaking, lean back

    Let it move right through ya (hallelujah!)

    Say your prayers

    Say your prayers

    Say your prayers

(Hallelujah!) My life started the day I got caught

    Under the covers

    With secondhand lovers

    Oh, tied up in pretty young things

    In a state of emergency

Who was I trying to be Then the time for being sad is over

    And you miss them like you miss no other

And being blue is better than being over it (over it) All you sinners stand up, sing hallelujah (hallelujah!)

    Show praise with your body

    Stand up, sing hallelujah (hallelujah!)

    And if you can't stop shaking, lean back

    Let it move right through ya (hallelujah!)

    Say your prayers

    Say your prayers

    Say your prayers

(Hallelujah!) I was drunk and it didn't mean a thing

    Stop thinking about

    The bullets from my mouth

    I love the things you hate about yourself

    Just finished a daydream

Who were you trying to be Then the time for being sad is over

    And you miss them like you miss no other

And being blue is better than being over it (over it) No one wants you when you have no heart and

    I'm sitting pretty in my brand new scars and

    You'll never know if you don't ever try again

    So let's try

    Let's try

Let's try All you sinners stand up, sing hallelujah (hallelujah!)

Show praise with your body  
    Stand up, sing hallelujah (hallelujah!)  
    And if you can't stop shaking, lean back  
    Let it move right through ya (hallelujah!)

        Say your prayers  
        Say your prayers  
        Say your prayers

(Hallelujah!)All you sinners stand up, sing hallelujah (hallelujah!)

    Show praise with your body  
    Stand up, sing hallelujah (hallelujah!)  
    And if you can't stop shaking, lean back  
    Let it move right through ya (hallelujah!)

        Say your prayers  
        Say your prayers  
        Say your prayers
