

# She Always Says It First

[Kenny Chesney](#)

Not a day goes by that I don't tell her  
How beautiful she is  
How kind and caring, I'm always swearing she's the reason that I live  
I make it a point to point out every good thing that she does  
How she has everything I need  
And I can't get enough Well, I always tell her I love her  
And how lost I'd be without her  
And God knows I mean every word  
I always tell her I love her  
But she always says it first  
Not a night goes by that I don't tell her  
I'm a lucky man  
Hold her close and let her know how proud of her I am  
And I'm so into her I swear it tears me inside out  
And I make sure she sees that she's what this ol' boy's about  
Well, I always tell her I love her  
And how lost I'd be without her  
And God knows I mean every word  
I always tell her I love her  
But she always says it first She always says it first
