

# Surrender

Jennifer Rush

You say there is a thunder in her eyes  
So loud it carries through the night  
When she's not even there  
Right by your side, it's haunting  
You say she's got you on the run  
Almost surely she's the one  
It can take a heart  
Sometime to make up a mind, ooh  
But it makes you feel alright  
Just to think of doing her right  
That the road you choose  
Is straight ahead in the end  
You'll surrender  
Just try your best to remember  
That without her it's never the same  
You don't want to be free again  
Surrender  
It's your only chance  
Surrender  
Don't wait too long to realize  
That her eyes will say forever  
There may be times  
When you are full of doubt  
So unsure of where you stand  
My advice to you  
Is let your heart be your guide  
How it makes you feel alright  
Just to think of doing her right  
That the road you choose  
Is straight ahead in the end  
You'll surrender  
Just try your best to remember  
That without her it's never the same  
You don't want to be free again  
Surrender  
It's your only chance  
Surrender  
Don't wait too long to realize  
That her eyes will say forever  
Surrender  
Just try your best to remember  
That without her it's never the same  
You don't want to be free again  
Surrender  
It's your only chance  
Surrender  
Don't wait too long to realize  
That her eyes will say forever  
Surrender
