## Clairy Browne

So you messing with some no-names,  
get all in those cocaines,  
throwing up some chump change, I decline  
and I get it anywhere tonight.

Can't see through the snow drip,you're too high to notice,  
watching tits and asses, hypnotised,  
gonna be fucking with your head tonight.

Playing it like you don't got nobody,

you're packing drinks cause you got no moneyshuttin' it down for a busted bunny, bout to blow you up.

Playing it like you don't got nobody,  
you're packing drinks cause you got no money

shuttin' it down for a busted bunny, bout to blow you up.Fuck you baby, going to blow you up.

Fuck you baby, going to blow you up.

Fuck you baby, going to blow you up,

blow you up, blow you up, gonna blow you up.Don't matter I don't know you,  
well now that you're just some dude  
and if you're my best girl's boo, that's not right  
gonna be fucking up your shit tonight.

Snaps and taking pictures,I post that shit on twitter,  
honey don't be bitter when she throw you out,  
you're gonna get your's tonight.

Playing it like you don't got nobody,

you're packing drinks cause you got no moneyshuttin' it down for a busted bunny, bout to blow you up.

Playing it like you don't got nobody,  
you're packing drinks cause you got no money

shuttin' it down for a busted bunny, bout to blow you up.Fuck you baby, going to blow you up (she ain't gonna  
fuck you baby).

Fuck you baby, going to blow you up (you ain't gonna none baby).

Fuck you baby, going to blow you up (she ain't gonna fuck you baby),  
blow you up, blow you up, gonna blow you up.You better watch your back son, this girl's got some game.

Cause when you're front is up, you've got yourself to blame.

Playing it like you don't got nobody,

you're packing drinks cause you got no moneyshuttin' it down for a busted bunny, bout to blow you up.

Playing it like you don't got nobody,  
you're packing drinks cause you got no money

shuttin' it down for a busted bunny, bout to blow you up.Fuck you baby, going to blow you up.

Fuck you baby, going to blow you up.

Fuck you baby, going to blow you up,

blow you up, blow you up, gonna blow you up.Fuck you baby, going to blow you up (she ain't gonna fuck you

baby).

Fuck you baby, going to blow you up (you ain't gonna none baby).  
Fuck you baby, going to blow you up (she ain't gonna fuck you baby),  
blow you up, blow you up, gonna blow you up.  
Blow you up, blow you up, gonna blow you up.
