Down With Love

Sutton Foster

Down with love
the flowers the rice the shoes
down with love
the root of all midnight bluesdown with things that give you that well-known pain
take that moon and wrap it in cellophanedown with love lets liquidate all it's friends
moon and june and roses and rainbows' ends
down with songs that moan about night and day
down with love lets take it away, awaytake it away, take it away
give it back to the birds and the bees and the Viennesedown with eyes romantic and stupid
down with size
down with cupid
brother, let's stuff that dove down with love(spoken)
no flowers no rice no shoes
(sung)
bye-bye blues
don't want n pain
take that moon and wrap it in cellophanetake it away, oh please, take it away
give it back to the birds and bees and the ViennneseDown with love let's liquidate all it's friends
moon and june and roses and rainbow's ends
down with songs that moan about night and daydown with eyes romantic and stupid
down with size
down with cupid
brother lets stuff that dove....down down down down down
down down down down down
down down down down down down down
down with love
