BLOODLESS

Dio - Distraught Overlord

Take me
(Far from all that's wrong and)
Let these
(Fears collapse inside)Take me
(Back to when I)
BelievedAnd as a little boy
He tried to hide his eyes
With reeds and rituals
With paper and a knifeThe fire will always burn
The skin and forgery
An answer when you won't
The bloodless hands of fearHe didn't know
(He didn't know)
He didn't know
(He didn't know)
He didn't know
He was hungryHe didn't know
(He didn't know)
He didn't know
(He didn't know)
He didn't know
He was hungrySomeone had a knife
(Someone had a knife)
Took away my eyes
(My eyes)The last time is right now
This choice will take or make everything
Your face is fading outWash those days
From your eyes
And let them fall away
Drown the fear that holds youWash those days
From your eyes
And let them fall away
Change thatHe felt the wake
Of torrid days
Ushered through
By warm mistakesSuddenly
(Suddenly)
His broken feet
(His broken feet)

Took their rest
On bended knee
(On bended knee)He didn't know
(He didn't know)
He didn't know
(He didn't know)
He didn't know
He was hungryHe didn't know
(He didn't know)
He didn't know
(He didn't know)
He didn't know
He was hungryHe was hungrySomeone had a knife
(Someone had a knife)
Took away my eyes
(My eyes)The last time is right now
This choice will take or make everything
Your face is fading outI won't stand here
This dance won't stop the music
Your promise will help me leadUntil the endIf this is the last time
(What words)
I won't forget you
(Have you to)
Exhale the last breath
(Say)
Tear down the statuesThis scar will remain here
(Before we)
To mark where we severed
(Spill this)
My hands from your hands
(Blood)
Your hands from my heartIf this
(This time you will be)
Is the last time
(Be afraid)If this
(You've lost me)
Is the last time
(Your plan failed)This is the last time
This is the last time
This is the last time
