We Have No Secrets

Carly Simon

We have no secrets

We tell each other everything

About the lovers in our past

And why they didn't lastWe share a cast of characters from A to Z

We know each others fantasies

And though we know each other

Better when we exploreSometimes I wish

Often I wish

That I never knew

Some of those secrets of yoursThe water was cold

The beach was empty but for one

Now you were lying in the sun

Wanting and needing no oneThen some child came you never asked for her to come

She drank a pint of your rum

And later when you told me you said she was a boreOh, sometimes I wish

Often I wish

That I never never knew

Some of those secrets of yoursIn the name of honesty, in the name of what is fair

You always answer my questions

But they don't always answer my prayersAnd though I know you say that it's me that you adore

Sometimes I wish

Often I wish

That I never never never knew

Some of those secrets of yours

Some of those secrets of yours

Some of those secrets of yoursWe have no secrets

Tell each other most everything now
