

# Another One Night Stand

Ted Russell Kamp

ANOTHER ONE NIGHT STAND

Ted Russell Kamp

The highway lines and stage lights are all I ever see  
Except maybe for a guitar chord thatâ€™s wrapped around me feet  
And the smiling eyes of some sweet girl looking back my way  
    Makes the driving and the waiting through the day  
    Worth the night time when I finally get to play

One more month of shows to go and here comes Crazy Anna  
Itâ€™s good to be back at my home away from home in old Montana  
3 sets of songs 300 hundred bucks and some hotel down the lane  
â€œMind if I take the single boys?â€•, Anna came for the fire and rain  
    Until 10 a.m. when we drive to Coer dâ€™Elaine

I guess thatâ€™s why they say my life is just a string of one night stands  
â€˜Cause itâ€™s always to the hotel to the stage or to the van  
    Itâ€™s the only thing I have and itâ€™s the only thing I am  
    This three ring country music caravan  
    Rollinâ€™ on to another one night stand

I met a girl in Jackson Hole. Her name was Emmy Lou.  
Said her Momma loved the classic country, sheâ€™d sing you any tune  
I guess thatâ€™s why she took to me, a musician on the road.  
    I reminded her of the Dad sheâ€™d never known  
    Save us both from another midnight all alone

Ch

I thought I recognized this little roadhouse on the Bayou  
    Then I knew for sure when I saw my Delta Lady Sue  
Thereâ€™s nothing like the way she moves when I bend those strings  
    Sometimes I just forget the world when I start to sing  
    But tonight Sheâ€™ll help me remember everything
