

# Gone So Long

## Breathe Carolina

My eyes open to the sound of a song I've heard  
Don't know the name, but I know all the words  
Sun came up, crawled into the front seat  
Memories leaving me, was it all a dream I had?  
Time for us to wake up  
I'll save my words to make the most of it  
I never meant to be gone so long  
Do you still remember my touch at all?  
I never meant to be gone so long

Street lights passing everyone  
Gets me a heartbeat closer  
To where it started beating  
Keep me feeling safe and sound  
When everything that's right is upside down  
Was it all a dream I had?  
Time for us to wake up  
I'll save my words to make the most of it  
I never meant to be gone so long

(So long) as I have you I'll be home  
I never meant to be gone so long  
I'm sorry I made you wait  
I wish that I could stay  
I live for this, but I'd die for you  
The world still moves on.

Do you still remember my touch at all?  
I never meant to be gone so long  
Do you still remember my touch at all?  
I never meant to be gone so long

As I have you walk me home  
I never meant to be gone so long  
Do you still remember my touch at all?  
I never meant to be gone so long
