

# Even Though

## Sugar Ray

Even though she's on my mind  
Even though she's hard to find  
Even though there's always somethin' with you  
Even though there's always somethin' Even though she's right on time  
Even though she's always lyin'  
Even though there's always somethin' with you  
Even though there's always somethin' I know we don't talk about it  
I know that, that's true  
I know we don't talk about it  
I'm too scared that I'm loosing you Even though she just stopped tryin'  
Even though I can't stop cryin'  
Even though there's always somethin' with you  
Even though there's always somethin'  
Even though there's always somethin' with you I know we don't talk about it  
I know that, that's true  
I know we don't talk about it  
I'm so lonely away from you Even though, even though  
Even though there's always somethin' with you  
Even though there's always somethin'  
Even though there's always somethin' with you
