

# Bent

## Krunk

If I fall along the way  
Pick me up and dust me off  
And if I get too tired to make it  
    Be my breath so I can walk  
If I need some other love, then  
    Give me more than I can stand  
And when my smile gets old and faded  
    Wait around I'll smile again  
    Shouldn't be so complicated  
        Just hold me and then  
        Oh, just hold me again  
        Can you help me I'm bent  
        I'm so scared that I'll never  
        Get put back together  
        Keep breaking me in  
        And this is how we will end  
            With you and me bent  
If I couldn't sleep, could you sleep?  
    Could you paint me better off?  
Could you sympathize with my needs?  
    I know you think I need a lot  
    I started out clean but I'm jaded  
        Just phoning it in  
        Oh, just breaking the skin  
        Can you help me I'm bent

I'm so scared that I'll never  
    Get put back together  
    Keep breaking me in  
    And this is how we will end  
        With you and me bent  
Start bending me, it's never enough  
    As I feel all your pieces  
Start bending me, keep bending me  
    Oh, until I'm completely broken in  
        Shouldn't be so complicated  
        Just touch me and then  
        Oh, just touch me again  
        Can you help me I'm bent

I'm so scared that I'll never  
Get put back together  
Keep breaking me in  
And this is how we will end  
With you and me will let them  
Without understanding  
Here I go there again  
Can you help me I'm bent  
I'm so scared that I'll never  
Get put back together  
Yeah, you're breaking me in  
And this is how we will end  
With you and me bent
