

# White Soft Rope

## Goldfrapp

Behind an endless rose and light  
Well everybody knows  
Trees are bowing to the wind  
They're singing just for you  
White soft rope  
White soft rope  
Handsome boy and girl  
You taunted til it broke  
Sun has eyes  
And sea is clear  
A generic world is clean  
White soft rope  
White soft rope  
A sunny smile  
A generic world is clean  
A sunny smile  
A generic world is clean  
A sunny smile  
A generic world is clean  
A sunny smile  
A generic world is clean  
A sunny smile  
A generic world is clean  
White soft rope  
Is methin  
White soft rope  
White soft rope
