All the Ways

Wet

I want you 'til I feel your touch
I keep you close close enough
I'm only here with half of me
Can I give you what you need?
I feel myself closing up
Stay open and stay close to me
It's so much harder than it seems
You seem tired of my excuses
I'm so tired from all this losing
I feel myself closing up

I don't ever wanna leave you
I never wanna be alone again
All the ways, all the ways
But every time I see you
I think of all the ways that this could end
All the ways, all the ways
And I don't wanna give up
I don't wanna give up what we have
Every time I see your face
I think of all the ways that this could end

I know it's so unfair to you
I can't forget what I've been through
How do you expect me to
Let you in but let you go?
I feel myself closing up
They're haunting me they keep me down
I brace myself another round
No you're not the same as them
But I can't let you in

I don't ever wanna leave you
I never wanna be alone again
All the ways, all the ways
But every time I see you
I think of all the ways that this could end
All the ways, all the ways
And I don't wanna give up

I don't wanna give up what we have
Every time I see your face
I think of all the ways that this could end

When you're here, take all of it
Cause when we're done there's nothing left
Haunting me, I hear the sound
I close my eyes, I push it down

I don't ever wanna leave you
I never wanna be alone again
But every time I see you
I think of all the ways that this could end
And I don't wanna give up
I don't wanna give up what we have
Every time I see your face
I think of all the ways that this could end

I don't ever wanna leave you
I never wanna be alone again
All the ways, all the ways
But every time I see you
I think of all the ways that this could end
All the ways, all the ways
I don't ever wanna leave you
I never wanna be alone again
All the ways, all the ways
But every time I see you
I think of all the ways that this could end
All the ways, all the ways
