Enjoy Da Ride

Busta Rhymes

We just sparkle now
Yeah, we just sparkle now
We just gon' sparkle now
All niggas, yeah, we gon' sparkle now
Yeah, we gon' shine and we are gon' sparkle now
Yeah, yeah we gon', ha
Yo, yo you know I be the maestro
Rages are
(Brand spankin' fresh)
And always with the right glow
Get ya hyper like a nitro, taebo cycle
We 'bout to knock it outta sight yo, ha
Ya know I keep a tight flow, ever since a little nigga yo
They always say they might blow
Nowadays we shinin' bright yo
Even the cool joints'll make a nigga straight to wanna fight though
High roller, mind blowin', wild bonin', take y'all niggas
For a little ride just like they motherfuckin' cyclonin'
Yo, you know my niggas stay holdin'
Now we see some jealous niggas on the side all in they mouth foamin'
While we roamin' and we zonin' play the right role
White bowl, we still'll take a nigga white goal
Before we break fast break glass take trash
I'll bust ya shit and go and chase ass, I'm sayin' this now
All my party people
(Party people)
You need to come inside
(Come inside now)
Because we got it people
(Ya know we got it for ya)
So just enjoy da ride
(Yeah, enjoy da ride now bitches)
And all my party people
(All my party people)
You need to come inside
(Come inside now)
Because we got it people
(Ya know we got it for ya)
So just enjoy da ride

(Yeah, enjoy da ride now)
Yo, you know I be the captain
Blaze it out and bring you all the hottest scene of action
I gotta gotta give it give it to ya
Let me light a L pass a glass of Henny to ya
Now let me get my little shine on rhyme on
And give ya shit to keep ya mind on
Check it, I keep toast and rock the most
Break it down blow the sheet up and vanish like a ghost
Whether you're Spanish or speak another language I hope
The way we damage shit I hope you're the cult, my nigga
Check it, eh, you know I be the champion hands on
And make the bitches get they dance on
Black it out from the back of da house
To the front, whatever you want, fuck what they yappin' about
Eh eh, before we ride we check ransom
Smokin' the spot, like how we smoked the live in the mansion
Yeah, the way we hold bank roll
Cheddar so thick, sometimes the shit done made me have to stack folds
Ha, we all up in ya asshole
So hot shit possess you and get all in ya damn soul
We got you drenched drippin' up in the spot
We took it from you now we holdin' the rock
(D O)
The type of shit that make ya rush somethin', touch somethin'
Buss somethin' and make you wanna go and fuck somethin'
I'm only talking to
All my party people
(Party people)
You need to come inside
(Come inside now)
Because we got it people
(Ya know we got it for ya)
So just enjoy da ride
(Yeah, enjoy da ride)
And all my party people
(Party people, now put your hands up)
You need to come inside
(Just come inside now)
Because we got it people
(Ya know we got it for ya)
So just enjoy da ride
(Yeah, enjoy da ride now)
And all my party people
(All my party people, all my niggas)

You need to come inside
(Come inside now)
Because we got it people
(Ya know we got it for ya)
